

About our Heritage Libraries

Our Children's Library offers a wide range of resources to delight children of all ages. The Library is always open to any child and parent who would like to spend some quiet time reading together or choosing books to take home. We also offer audio books and DVD's and resources for parents such as Family Fun, devotionals and parenting and family life.

The Library is also home to Stu Bear, a 'traveling' bear who can go home with your family with his journal and books to read. We hope you enjoy your time here!

Our Adult Library

Our Adult Library offers a wealth of resources for spiritual enrichment and Christian education. Audio books, DVD's, periodicals and Care Notes are also available. We have a popular Christian Fiction section and resources for Small Groups. Copies of sermons are also available. Visit our Library (right side of atrium) any time on Sunday or during the week and browse our collection.

Library Committee Chair:

Chris Dauer

The Committee welcomes new members, please contact Chris if you are interested.
